

WHAT WILL BE FRANCE'S NEXT MOVE AFTER DEFEATING TIGER?

By FRANK H. SIMONDS.

WASHINGTON, D. C., Jan. 29.—Two questions naturally interest the Washington world as a result of the unexpected political developments in France. These questions are, first, what will the new "order" be? The defeat of Clemenceau suggests the possibility of a new "order" in the French Republic. At the same time, the defeat of Clemenceau suggests the possibility of a new "order" in the French Republic. At the same time, the defeat of Clemenceau suggests the possibility of a new "order" in the French Republic.

Feeling Against Tiger. But there was a second feature, had the United States senate ratified the treaty of alliance with Great Britain and France, the frontiers of the French Republic would have been extended. The French Republic would have been extended. The French Republic would have been extended. The French Republic would have been extended.

LOCAL CHARITY BOARD ELECTED

The Associated Charities at its annual meeting Thursday night at the First Christian church, elected

James B. Stevens president, U. S. Stewart, vice president, Mrs. T. M. Lander, vice president, J. B. Stewart, treasurer, and J. B. Stewart, secretary. These names were suggested by a nominating committee headed by

the treasurer's report for 1919 showed receipts of \$12,122.11 and the expenditures of \$2,825.20.

The report of secretary U. S. Stewart showed 1488 was spent for the relief of 129 tubercular patients. It also stated that 132 new families were taken under care during the year, 98 continued from December, 1919, and 129 new.

Report on Emergency Relief. Emergency relief was given to 539 cases during the year. The cases were placed on weekly or monthly allowance, according to the report.

Much of the speaker's lecture was devoted to discussing public health. He said he had no desire to see a few persons in the United States grow to be second-class citizens.

Physical cleanliness, ventilation, and sanitation were the four important things to watch, he said. If a person hopes to be healthy, he must have clean surroundings.

Physical cleanliness, ventilation, and sanitation were the four important things to watch, he said. If a person hopes to be healthy, he must have clean surroundings.
